

## Benefits:

**CalSavers is a simple, portable, low-cost way to save for retirement.**

Your employer has registered with the CalSavers program. CalSavers is a program that allows you to automatically save for retirement through payroll deductions at work. The balance in your account is always your money. Your account is in your control and you keep it when you move from job to job. Every little bit you save now can potentially make a difference in retirement.

You have three options: do nothing and allow yourself to be automatically enrolled, personalize your account set up, or opt out. If you do nothing, 5% of each paycheck will be automatically contributed to a Roth Individual Retirement Arrangement (IRA).

## 30 Days to Decide:

### Option One:

#### Start saving

- Set up your account now
  - Establish online access and update your investment choices
- Set up your account later
  - Your contributions will start automatically, based on the standard savings choices

OR

### Option Two:

#### Opt out

- If you don't want to save for retirement
  - You can opt back in at any time

#### Before you opt out

- Consider smaller contribution rates
  - A great alternative to opting out entirely

Decide  online at [saver.calsavers.com](http://saver.calsavers.com), by  phone at 855-650-6918, or by  filling out a form.

## Acknowledgement:

By not opting out of the CalSavers Retirement Program, I am acknowledging that I have received and read the Custodial Account Agreement, Disclosure Statement, Financial Disclosure, and the Program Disclosure Booklet, and understand their content.

## Automatic Enrollment:

30 days after receiving your invitation, **you will be automatically enrolled in the program** and will start saving part of each paycheck into your own Roth Individual Retirement Account (IRA) (unless you opt out within the 30 day window).

 **5% of your gross pay** (how much you earn before taxes and other deductions) will be contributed to your Roth IRA.

 **Your account will be a Roth IRA.** Contributions into a Roth IRA are made after-tax and not taxable when you remove them from your account. Any earnings on those contributions could be tax free if you meet certain IRS criteria.

 **The only charge for CalSavers** is in the form of an annual asset-based fee of approximately 0.95%, which means **you will pay no more than \$0.95 per year for every \$100 in your account.** You will not get a bill. This fee is automatically taken out of your CalSavers balance on a regular basis to help pay for the investment and administration of your account.

## Set Up and Personalize Your Account:

- Verify your contact information
  - Accept the account documents
  - Add beneficiaries (who will inherit your Roth IRA in the event of your death)
  - You can also:
    - Change your contribution rate
      - **minimum = 1%, maximum = 100% up to IRS limits for Roth IRAs**
    - Change your investment choices. Available options include:
      - CalSavers Money Market Fund: 100% invested in State Street Institutional U.S. Government Money Market Fund (Ticker: GVMXX)
      - CalSavers Target Retirement Funds, pick from 2015 to 2065: 100% invested in the State Street Target Retirement Funds

*The CalSavers Retirement Savings Program (“CalSavers” or the “Program”) is an automatic enrollment payroll deduction IRA overseen by the California Secure Choice Retirement Savings Investment Board (“Board”). Ascensus College Savings Recordkeeping Services, LLC (“ACSR”) is the program administrator. ACSR and its affiliates are responsible for day-to-day program operations. Participants saving through CalSavers beneficially own and have control over their IRAs, as provided in the Program Disclosure Booklet available at [saver.calsavers.com](http://saver.calsavers.com). CalSavers is not sponsored by the employer, and therefore the employer is not responsible for the Program or liable as a Program sponsor. Employers are not permitted to endorse the Program or encourage or advise employees on whether to participate, how much (if any) to contribute or provide investment help.*

*CalSavers offers investment options selected by the Board. For more information on CalSavers’ investment options go to [saver.calsavers.com](http://saver.calsavers.com). Account balances in CalSavers will vary with market conditions. Investments in CalSavers are not guaranteed or insured by the Board, the State of California, the Federal Deposit Insurance Corporation, or any other organization.*

*CalSavers is a completely voluntary retirement program. Savers may opt out at any time or reduce or increase the amount of payroll contributions. If a saver opts out they can later opt back into CalSavers. In addition, California law requires that CalSavers conduct an Open Enrollment Period once every two years during which eligible employees that previously opted out of the Program shall be re-invited to participate under automatic enrollment and must opt out again if they still do not wish to participate in the Program.*

*Saving through an IRA may not be appropriate for all individuals. Employer facilitation of CalSavers should not be considered an endorsement or recommendation by a participating employer, IRAs, or the investment options offered through CalSavers. IRAs are not exclusive to CalSavers and can be obtained outside of the Program and contributed to outside of payroll deduction. Contributing to a CalSavers IRA through payroll deduction may offer some tax benefits and consequences. However, not everyone is eligible to contribute to a Roth IRA and savers should consult a tax or financial advisor if they have questions related to taxes or investments. Employers do not provide financial advice and employees should not contact an employer for financial advice. Employers should refer all questions about the Program to CalSavers. Employers are not liable for decisions employees make pursuant to Section 100034 of the California Government Code.*
